'Malarvilie has a very relatable facilitator style and uses her previous life as a school leader to provide a deeper understanding of the challenges faced and use a professional empathy of what pressures modern organisations are currently facing.'

**Julian Churchill,
Headteacher**

The course with Malarvilie was one of the most impactful CLPL activities I have undertaken in my career. It allowed me to reflect on my own leadership on a personal level whilst coaching me to develop strategies to improve my skills and self-awareness. It gave me vital time and space to consider and discuss the impact of my leadership approaches in work and life.

I have absolutely no doubt that it played a vital role in helping me to secure my first permanent Senior Leadership role - I even mentioned it during my interviews!

Malarvilie is friendly, extremely knowledgeable and very down to earth. Her experience in real organisational settings allows her to contextualise the theory she explores with you and there is a real sense of empathy in her delivery. I thoroughly recommend the course.
